

7" Portable, WiFi Touch Screen

Versatility and ease of use are at your fingertips with the Control4® 7" Portable, WiFi Touch Screen. This brightly-lit, easy-to-read Touch Screen provides control over all aspects of your home-automation system. Control your lighting, listen to any music you want through the Rhapsody* online music service, check your kid's playroom through a remote camera, or start a movie in the home theater using this single, elegant interface. The wake-on-motion sensor wakes up the Touch Screen as you pick it up.

The 7" Portable, WiFi Touch Screen sits nicely on a coffee table, countertop, or nightstand. The Touch Screen sets a new standard in touch-screen technology, with rich color graphics, an easy-to-navigate interface and superior performance. This Touch Screen adapts well to any home or lifestyle.

Features and Benefits

Smart Design

- **WiFi support** — 802.11b/g support with excellent range and WEP and WPA security options.
- **Large viewing area** — The wide-screen 16x9 format WVGA screen has over 3.5 times the viewing and Touch Screen area when compared to the Control4 Mini Touch Screen.
- **Streamlined design** — Ergonomic contoured design with easy-to-use navigation.
- **Long Battery Life** — Under normal usage the 7" Portable, WiFi Touch Screen is usable for over 5 hours without needing to be placed in the charging dock.
- **Energy Efficient** — The Suspend button puts the 7" Portable Touch Screen into a power-saving suspend mode, so that the battery can last up to 24 hours before recharge. This mode can also be entered via programming.
- **Room to Roam** — With WiFi support and no power tethers, the 7" Portable, WiFi Touch Screen can be taken anywhere in the home, while maintaining full control of the Control4® system.

Powerful User Interface

- **Familiar navigation** — The same styles and menus are available on this Touch Screen as with other Control4® interfaces.
- **Easy to use** — The dynamic color graphics feature tabs and icons, allowing quick and simple touch access to Control4's intelligent technology.
- **Customized control** — Four (4) programmable buttons allow customized quick access to common or critical functions and lighting scenes.
- **Convenient** — Dedicated buttons quickly control volume, change channels and navigate AV component menus.

Easy To Install

- **WiFi capability** — The 7" Portable Touch Screen can be added to any room of the house for easy wireless access to all of the Control4® system capabilities.
- **Warranty** — Includes a 2-year limited warranty.

*Start your favorite music in the bedroom while dimming the lights downstairs. **Adjust** the house temperature and **select** a lighting scene for your party just as the guests arrive.*

*Rhapsody requires a monthly subscription fee. To subscribe to this service, see www.control4.com/rhapsody.
